Ways to Get Involved

SAGE Publishing

Submit your research to AOSSM's new video journal

Video Journal of Sports Medicine is seeking your submission on topics of interest to orthopaedic surgeons specializing in sports medicine and arthroscopy, sports physicians, athletic trainers, and physiotherapists. The journal publishes multimedia articles with complementary written material.

Submission guidelines

Video Journal of Sports Medicine

Now live: explore the [VJSM homepage](#) to find out more about the journal and the benefits of publishing.

Featured videos

Medial Meniscal Allograft Transplantation

by Jordan D. Walters and Brian C. Werner: This technique video reviews medial meniscal allograft transplantation (MAT) using a representative case example.

Arthroscopic Suture Fixation of Tibial Eminence Fracture

by Gehron P. Treme and Dustin L. Richter: Tibial eminence fractures account for up to 6% of knee injuries with an effusion in the pediatric population. Displaced fractures require reduction and operative fixation via arthroscopic or open techniques.
